Sunnybrook Health Sciences Centre is urgently hiring a Regular Full-Time **Advanced Practice Nurse** in our Operating Room department.

About Sunnybrook

From our beginnings as a hospital for Canadian veterans, Sunnybrook has flourished into a fully affiliated teaching hospital of the University of Toronto, evolving to meet the needs of our growing community. Today, with 1.3 million patient visits each year, Sunnybrook has established itself across three campuses and is home to Canada's largest trauma centre.

Transportation to Sunnybrook

Sunnybrook Health Sciences Centre provides a free shuttle bus travelling between Bayview Campus, Holland Campus (downtown Toronto), St. John's Rehab (North York) and Finch GO station.

Summary of Duties

The Operating Room seeks a dynamic Advanced Practice Nurse to lead, support and develop the professionalism of health care providers through proven clinical and research skills, commitment to patient-focused care and adult education.

We are looking for strong knowledge, clinical expertise and interest in the area of Surgery. In particular there will be a focus on the professional development of emerging leaders, nursing education and interprofessional education.

Working collaboratively with the OR Patient Care Managers, Surgeons, anesthesiologist and other stakeholders the successful candidate will:

- Plan, coordinate and implement quality improvement initiatives to integrate person centered care, advance best practice and support the professional development of staff.
- Identify and effectively address a wide range of educational needs with members of the entire Patient Care team including orientation of new staff.
- Identify and lead opportunities to conduct and integrate multidisciplinary research projects
- Have demonstrated teaching and leadership abilities, conflict management
- Open to change and demonstrate the ability to effectively manage change

Qualifications/Skills

- Current College of Nurses of Ontario Certificate of Competence
- Master's degree in Nursing or health-related discipline completed or in progress.
- Minimum 5 years of recent Operating Room experience.
- Teaching experience preferred, preferably in Operating Room setting
- Current Basic Cardiac Life Support certificate
- Demonstrated leadership abilities
- Proficient computer skills
- Evidence of consistent ongoing continuing education and professional development
- Skills/experience in adult education, program design, group facilitation, communication, and team work
- Knowledge of adult learning/teaching styles
- Demonstrated knowledge and expertise in interprofessional education
