

Call for reviewers for 2025 ORNAC Standards – 17th Edition

We are seeking reviewers for *The ORNAC Standards, Guidelines, and Position Statements for Perioperative Registered Nurses*, 17th edition for publication in 2025.

The Operating Room Nurses Association of Canada (ORNAC) Standards serve as a guide and reference for perioperative registered nurses, health care organizations providing care to surgical patients, and other professional associations.

If you are interested in contributing as an English content peer reviewer, send an email with a short bio and your credentials to: standardscoordinator@ornac.ca by **March 1**.

We are also seeking French speaking members to validate the quality of the French translation. Please send an email with a short bio and your credentials to: standardscoordinator@ornac.ca by **March 1**.

Individual sections will begin to be available from April 2024 and divided up among the reviewers. We will provide approximately 2 to 3 weeks for the review. Instructions will be provided.

Reviewers must be ORNAC members. This is a terrific way to become involved in the workings of the Standards Committee and contribute to the organization and patient care!

Thanks in advance,

Tanya Vandale, BScN, RN, CPN(C)
ORNAC President 2023-2025
